

Login to your account and look for the **“Contact and Personal Info”** Area on the right-hand side.

Click on the **blue pencil** at the top of that section.

In the pop up window, click on **Add website**.

Copy and Paste your **HireWire Public URL** into the **Website URL** box.

Change the dropdown menu next to the URL box to **Other**.

In the **“Type (Other)”** box that appears type in **Professional Presentation**.

When finished click **“Save”**.
