

Click on the pencil to edit your
"CERTIFICATIONS" element

Click on Choose File
Navigate to file
Select correct file

File name will now be visible in the
CONTENT field of CERTIFICATIONS element

In the description field label your
CERTIFICATIONS
Type a brief description of document/image

The image shows two instances of a 'CERTIFICATIONS' configuration window. Each window is divided into 'CONTENT' and 'STYLES' sections. The 'CONTENT' section includes a file selection button ('Choose File'), a text area for a description, and an 'Element Name' field. The 'STYLES' section includes dropdown menus for 'border width', 'border type', and 'border color', along with 'background color' selection options. In the top window, a red arrow points to the 'Choose File' button. In the bottom window, a red arrow points to the 'description' text field, which contains the text 'PENDING CNC Machinist Certificate'.

Once you have SAVED your description will be visible in your HireWire Professional Presentation.
